Courses after EPsy 8252 (2020–21)

EPsy 8220
Special Topics

Special Topics courses vary every semester and all have different prerequisites.

EPsy 5221
Principles of Educational & Psychological Measurement

EPsy 5243
Principles and Methods of Evaluation

EPsy 5244
Survey Design, Sampling, & Implementation

EPsy 5247
Qualitative Methods in Educational Psychology

EPsy 8215
Advanced Research Methodologies in Education

EPsy 5245
Survey Data Analysis

EPsy 8247
Advanced Interviewing and NVIVO

EPsy 8224
Performance Assessment

EPsy 8283
Research Synthesis and Meta-Analysis

EPsy 8264
Advanced Multiple Regression

EPsy 8225
Operational Measurement

EPsy 8267
Multivariate Analysis

EPsy 8226
Item Response Theory

EPsy 5271
Becoming a Teacher of Statistics

EPsy 8268
Hierarchical Linear Modeling in Educational Research

EPsy 8227
Accountability Testing

EPsy 8271
Statistics Education Research Seminar

EPsy 8282
Statistical Analysis of Longitudinal Data I

EPsy 8265
Factor Analysis

EPsy 8266
Statistical Analysis Using Structural Equation Methods
